

**Boil Water Notice for Community Public Water Systems  
(Progreso, Donna, South Alamo and Santa Maria)**

April 29, 2023

Due to a severe weather storm causing electrical power outages, Progreso, Donna, South Alamo and Santa Maria water pressure went below the 20 psi which affected the ability to maintain and deliver water to the system around 9:30am, April 29, 2023, the Texas Commission on Environmental Quality has required the Military Highway Water Supply Corporation, PWS ID TX1080234, public water system to notify all customers to boil their water prior to consumption (e.g., washing hands/face, brushing teeth, drinking, etc). Children, seniors, and persons with weakened immune systems are particularly vulnerable to harmful bacteria, and all customers should follow these directions).

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be boiled and cooled prior to use for drinking water or human consumption purposes. The water should be brought to a vigorous rolling boil and then boiled for two minutes.

In lieu of boiling, individuals may purchase bottled water or obtain water from some other suitable source for drinking water or human consumption purposes.

When it is no longer necessary to boil the water, the public water system officials will notify customers that the water is safe for drinking water or human consumption purposes.

Once the boil water notice is no longer in effect, the public water system will issue a notice to customers that rescinds the boil water notice in a manner similar to this notice.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions concerning this matter, you may contact our Customer Service Department at 956-565-2491 or General Manager, Mrs. Consuelo De La Rosa at 956-565-2492.

“This institution is an equal opportunity provider and employer.”
